What Muslims do is the opposite: they have the "theory" that their Qur'an is Allah's direct word (which was revealed and passed on to Muhammad's mind, then dictated by him and written in the Qur'an), and then they try to find the data that — they think — support their theory. That's an entirely unscientific endeavor.

Science in the Qur'an? Surely you're joking, Mr. Muslim!

To reiterate, my motive for creating this website is to help authors, game designers, and programmers get the science correct in their creations (thus increasing the amount of the kind of science fiction I enjoy).The most striking examples are those novels whose authors I directly assisted.But there are a few creations I've run across that did get the science correct without any help from me.
